

4 MAY 1956

MEMORANDUM FOR: Legislative Counsel

SUBJECT: Communist Threat Material for D. Milton LADD

Transmitted herewith is a draft document along the lines requested by Mr. LADD on 20 April 1956. Will you please ask him if this meets his requirement. He will note that the paper also deals with the economic offensive of the Soviet Union. If this does not meet Mr. LADD's requirement on the economic side, would you please ask him if he would clarify what he wants since anything further will be difficult to write from non-classified materials and at the same time contain information in addition to that which has been published in the press.
